Contra Costa Waste Services

reduce • reuse • recycle • respect • recover

A Garaventa Company

Valued Customer,

This is to certify that you have brought Construction & Demolition (C&D) materials to Contra Costa Waste Services also known as Recycling Center & Transfer Station (RCTS), located at 1300 Loveridge Road, Pittsburg California. Below please find our most recent monthly diversion rate for mixed C&D material during 2026.

Contra Costa Waste Services processes material from Construction and Demolition projects from cities throughout the Bay Area. To ensure that our diversion program is running efficiently, we weigh all materials processed and sorted at our C&D operation. We are a certified recycler in Contra Costa County, and Solano County.

We recycle the following materials
Wood, Metal, Plastics, Concrete, Roofing, Cardboard, Dirt, Sheetrock, Tires, Appliances, Mattresses, Box Springs, Carpet, Propane Tanks, and Electronic Waste

Please apply our diversion rate to any receipt indicating the material code of "CD" (Construction & Demolition Material Processing) for the given month and apply 100% diversion rate to receipts indicating the material code "CW" (Clean Wood), "CG" (Clean Green), or "CR" (Clean Roofing).

C&D Materials Processing Recycling Diversion Rate	
SEPTEMBER 2026	92%

If you have any questions feel free to contact us. Thank you for your continued patronage and effort to improve diverted materials.

Thank you,

Vincent Colvis | Diversion Facility & Operations Manager
