## Right-Size Your Service for Smooth Business Operations!

**At Mt. Diablo Resource Recovery (MDRR),** we support our commercial business partners with efficient waste management solutions that keep your operations running smoothly and sustainably. One of the most impactful steps you can take to keep your pickup service running seamlessly is ensuring your container sizes and service frequency match your specific business needs. Right-sizing your service level brings advantages to your business, supports the environment, and helps to keep local neighborhoods clean and safe.

### Why Right-Sizing Matters:

- **Save Money + Time:** Avoid overflows and delays by ensuring your service level matches the waste generated at your business. The right bin size helps avoid downtime and extra fees caused by overfilled bins.
- **Improve Efficiency:** Properly sized containers make it easier for your staff and janitorial team to keep your business area clean and allows our drivers to service your location on schedule without interruptions.
- **Enhance Cleanliness:** Overloaded bins can lead to spills, litter, rodents, flies and create an unsightly mess for your business and the surrounding area.

### How MDRR Can Help:

Our team is here to assist you in evaluating your current container sizes and service frequency.

## COMMERCIAL PROPERTY CONTAINER OPTIONS

### Cart Option

Size	Height	Width	Depth
------	--------	-------	-------

96-gallon	43.25"	29.75"	32.25"
-----------	--------	--------	--------

### Metal Bin Options

Size	Height	Width	Depth
------	--------	-------	-------

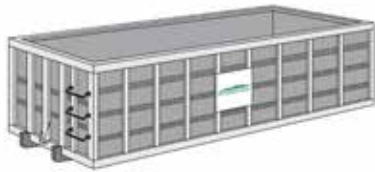

2 cubic yds	50.5"	81"	35.5"
-------------	-------	-----	-------

3 cubic yds	50.5"	81"	41.5"
-------------	-------	-----	-------

6 cubic yds	72"	81"	66"
-------------	-----	-----	-----

Container dimensions are approximate, and availability is based on the current inventory.

### Debris Box Option

Size	Height	Width	Depth
------	--------	-------	-------

20 cubic yds	6.4'	8'	14'
--------------	------	----	-----

### HELP REDUCE CONTAMINATION

Proper signage helps educate and promote proper sorting. We provide FREE signage and stickers to help businesses and customers accurately sort their waste. To print, visit [mdrr.com/guides](http://mdrr.com/guides) or contact our office for stickers.

We offer:

- **Customized Assessments:** We'll work with you to determine the ideal container size and pick-up schedule based on your generated waste.
- **Free Technical Support:** Get expert advice on waste management best practices, including recycling and organics programs.
- **Flexible Solutions:** As your business grows or seasonal changes impact your waste volume, we can adjust your service level to meet your needs. That includes increasing your recycling and organics during peak seasons.

### Protect Your Metal Bins with Lockbars + Locks

To further support your business efficiency efforts, MDRR offers lockbars for bin service. Lockbars help with preventing public dumping and reduce scavenging. By adding a lockbar to your bin service, it will help deter unauthorized users from filling your bins with excess waste and scavengers from rummaging through your containers and creating additional messes.

**We are proud to be a Trusted + Proven + Essential community partner. We are here to serve you!**

## GENERAL and CONSTRUCTION & DEMOLITION (C&D) DEBRIS BOX RENTALS

**MDRR IS THE EXCLUSIVE PROVIDER for Concord, Pittsburg and Oakley businesses.**

With easy scheduling, unmatched service, and sizes for any job, MDRR debris box rentals are the easiest way to handle those challenging cleanups and remodel projects. For more information, call (925) 682-9073 or visit [www.mdrr.com/debris-box/](http://www.mdrr.com/debris-box/).
