Right-Size Your Service for Smooth Property Operations!

At Mt. Diablo Resource Recovery (MDRR), we offer efficient waste management solutions tailored for apartment communities, ensuring smooth and sustainable operations. One of the best ways to maintain seamless pickup service is to ensure your container sizes and service frequency align with the needs of your residents. Right-sizing your service levels not only benefits the environment but also helps keep your property and neighborhoods clean and safe.

Why Right-Sizing Matters:

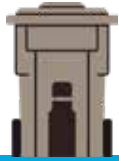

- **Save Money + Time:** Avoid overflows and delays by ensuring your service level matches the waste generated at your property. The right bin size minimizes messes, avoids downtime and extra fees caused by overfilled bins.
- **Improve Efficiency:** Properly sized containers make it easier for your residents and janitorial team to keep your business area clean and allows our drivers to service your location on schedule without interruptions.
- **Enhance Cleanliness:** Overloaded bins can lead to spills, litter, rodents, flies and create an unsightly mess for your property and the surrounding area.

How MDRR Can Help:

Our team is here to assist you in evaluating your current container sizes and service frequency.

Continued on back page...

MULTIFAMILY PROPERTY CONTAINER OPTIONS

Cart Option

Size	Height	Width	Depth
96-gallon	43.25"	29.75"	32.25"

Metal Bin Options

Size	Height	Width	Depth
2 cubic yds	50.5"	81"	35.5"
3 cubic yds	50.5"	81"	41.5"
6 cubic yds	72"	81"	66"

Container dimensions are approximate, and availability is based on the current inventory.

Debris Box Option

Size	Height	Width	Depth
20 cubic yds	6.4'	8'	14'

HELP REDUCE CONTAMINATION

Proper signage educates and promotes proper sorting. We offer FREE signage and stickers to help your residents accurately sort their waste. To print, visit www.mdr.com/guides or contact our office for stickers.

We offer:

- **Customized Assessments:** We'll work with you to determine the ideal container size and pick-up schedule based on your generated waste.
- **Free Technical Support:** Get expert advice on waste management best practices, including recycling and organics programs.
- **Flexible Solutions:** As seasonal changes impact your waste volume, we can adjust your service level to meet your needs. This includes increasing your recycling and garbage services during peak move-in and move-out periods.

Protect Your Metal Bins with Lockbars + Locks

To further support your business efficiency efforts, MDRR offers lockbars for bin service. Lockbars help with preventing public dumping and reduce scavenging. By adding a lockbar to your bin service, it will help deter unauthorized users from filling your bins with excess waste and scavengers from rummaging through your containers and creating additional messes.

We are proud to be a Trusted + Proven + Essential community partner. We are here to serve you!

GENERAL and CONSTRUCTION & DEMOLITION (C&D) DEBRIS BOX RENTALS

Handle those challenging projects with an MDRR DEBRIS BOX.
