

# What's Recyclable Now?

## Recycling is evolving and we need your help!

**Reduce!** By reducing, we also decrease what goes into the landfill, decrease pollution and greenhouse gas emissions, which supports a healthier environment for everyone. Making mindful choices about what we use and discard can have a significant, positive impact over time.

**Reuse!** Before you throw out items that are in good shape or working condition, try donating. Many charities gladly accept donations of used clothing or furniture.

**Recycle!** Be in the know, only place items you're sure belong in your recycling cart. When in doubt, please visit [mdrr.com/rrt](http://mdrr.com/rrt) and use our Recycle Resource tool to find out.

## YES! Recycle Clean, Empty + Dry Plastics

Wood

# Beyond the Blue Cart Recycling

While these may not be allowed in the blue cart, that doesn't mean you can't recycle them.

Please use our Recycle Resource Tool at [www.mdrr.com/rrt](http://www.mdrr.com/rrt) or our mobile app to find convenient drop-off locations so these items don't end up in the wrong place.

Oral Care Waste

Clothing

Shoes

Dishware

Plastic Toys

Computer Equipment  
+ Wires

Cell Phones\*

Electronic Waste  
(E-Waste)\*

CFLs\*

Household  
Batteries\*

Laptop + External  
Batteries\*

Sharps +  
Medical Waste\*
